

Deniz Kaan Fener

Video Editor & Social Media Content Creator · Photography & Color Grading

SUMMARY

Early-career video editor and content creator who shoots, edits and ships short-form social and brand video end to end. Strong post-production base (DaVinci Resolve, Premiere Pro, CapCut) applied on real client briefs. AI-assisted end to end — Claude, ChatGPT and ElevenLabs are part of the daily pipeline.

EXPERIENCE

Co-Founder

Apr 2026 – Present

Akme Agency · İzmir

- Co-founded a three-person creative agency; run video editing, graphic design and social content end to end — brand identity, social creatives, short-form video.

Director, Media Department

Nov 2024 – Present

Çanakkale Koleji — TROYMUN Conference · Çanakkale

- Lead the annual conference's media department: equipment, crew recruitment, shoot planning and the full post-production schedule.
- Produced 4 short films, each shot and edited within a single week and screened live to the assembly.

Freelance Videographer, Photographer & Editor

Mar 2026

Vtopia Agency x Lagertha Coffee · İzmir

- Produced a coffee shop's launch content set — promo video, menu and venue photography; reformatted one shoot into social video and print-ready assets.

Freelance Videographer & Photographer

Dec 2025 – Feb 2026

Cesimar Antika · İzmir

- Shot and edited weekly promotional films and catalogue photography for an antique-watch auction house; brand-focused color grading in DaVinci Resolve and Premiere Pro.

3rd Camera Assistant (Internship)

Jan – Feb 2025

"İnci Taneleri" TV Series · İstanbul

- Assisted the camera department on a professional TV-series set.

AI-ASSISTED PROJECTS

- Deal n Drop** — 2-player async hide-and-seek mobile game with real-life stakes (Unity 6 + Firebase) — working build; soft-launch target Q3 2026.
- DEAD/LINE** — Narrative comedy: visual novel + quests + 7 mini-games (Unity 6, fully Turkish-voiced) — in pre-production at BNB.
- Portfolio Town** — Interactive walkable-town portfolio site with galleries and playable mini-games — live. denizkaanf.github.io/neon-portfolio-city
- Arkas Sanat Interactive Presentation** — Bilingual (TR/EN) interactive web presentation — live. denizkaanf.github.io/arkas-sanat-sunum
- Akmé Studio Website** — Agency landing site with interactive package configurator and lead-capture — launch-ready.
- Akme Konsol** — Agency management panel (Next.js 16 + Tailwind v4) — in development.
- Bi'Oyun** — Personalized gift mini-games brand — retro-arcade identity designed; product in development.
- AI Content for Clients** — ChatGPT post visuals and ElevenLabs Turkish voiceovers shipped in real client deliverables.
